## Clean Up Day

All students participated in cleaning up the yard and around the footy oval. They did a great job and showed great pride in our school. A highlight was the bright yellow clean up gloves!

## Carpark Protocols

Reminder to families collecting children after school. Students are instructed to wait within the school fence/gate until they are ticked off the bus roll or parents collect them. Students are to wait until vehicles are stopped before leaving the school grounds. Parents should walk across the school crossing to collect students from the school side of the highway, rather than have students cross to them. These practices are in the interests of the safety of your children. Our school is on a busy highway. Thank you for your Cooperation.

## Policeman Frank

Possibly one of the less stressful roles in a policeman's duties, is playing down-ball with the grade 3-6 students. Keeping up with the demands of the P-2's might not be so easy! Students are very used to seeing Policeman Frank in and around our school and are learning about how police serve our community.

# Swimming

We had a very successful wrap up to this year's swimming program with all students improving their confidence and competence in the pool. Unfortunately, there was an issue at the end of the day with one student being temporarily unaccounted for. This matter has been dealt with by the family concerned and the school. As part of the measures to manage the collection of students at the end of the swimming program, the school staff are currently investigating a range of more effective options for the collection of students from the pool in future.

## Language of independence building **CONFIDENCE**

**by Michael Grose**

*“Is this something you can do?”*

**Goal: Self-help**

Independence takes many forms but perhaps the most common is the development of self-help skills. The confidence, pride and, for most, sheer pleasure that kids doing the simple things for themselves such a toddler tying his shoelaces or a child making his own lunch is immeasurable. Yet it is so easily denied by well-meaning parents and adults who see it as their job to do everything for children. Independence begins at home with the development of self-help skills.
