## **Production Rehearsals! POSTPONED!**

Our students have been twice this week to Rushworth P-12, to rehearse their dances and parts with the students at Rushworth P-12. They've been working tremendously hard with outstanding results. We'll continue to rehearse, but due to the postponement, it will now be for a date to be set early next term. The production night has had to be postponed due to matters outside of our control. The upside is that there is now more time to find a great 70's disco costume! If you're looking for some great 70's disco outfits, check out our local op shop! They have heaps!

## **Swimming**

Our swimming program starts on Monday. Make sure you have returned the permission form and payment. All students will travel on the bus, but without permission and payment, they will not be allowed to take part in the swimming lessons. We are joining Girgarre Primary School and travelling to the Echuca Pool. Remember that students must be able to undress and re-dress themselves independently as no adults are able to enter the changerooms to assist.

## **2023 Parent/Caregiver/Guardian Opinion Survey**

Once again, we invite our families to participate in the 2023 Parent / Caregiver / Guardian Opinion Survey (PCGOS). The survey is designed to assist our school gain an understanding of families' perceptions of school climate, student behaviour, and student engagement. The survey will be conducted online, only takes 20 minutes to complete, and can be accessed at any convenient time before the 8th September on desktop computers, laptops, tablets or smartphones. Head onto uEducateUs where you will find the link to the survey and our school's pin code that you will need to enter to complete the survey.

**Car park speed limit is 5kph = walking pace!!!**  
**This is a school zone where young people are likely to be present.**

## **FROM THE *Business Manager***

# MATHS

We've been learning about all the ways and the different things that can be measured. We talked about length, width, height, mass, volume and time. And there's lots more.

We used the fairytale of Jack and the Beanstalk to compare how many beans were needed to fill the outline of our hands and those of the Giant's!

We did really great work estimating and then measuring by counting.
