Bullying Prevention Policy 2024

PURPOSE

Stanhope Primary School is committed to providing a safe and respectful learning environment where bullying will not be tolerated.

The purpose of this policy is to:

- explain the definition of bullying so that there is shared understanding amongst all members of the Stanhope Primary School community;
- make clear that no form of bullying at Stanhope Primary School will be tolerated;
- Stanhope Primary School uses School Wide Positive Behaviour Supports, Bullying No Way and eSmart to build a positive school culture and prevent bullying behaviour;
- ask that everyone in our school community be alert to signs and evidence of bullying behaviour, and accept responsibility to report bullying behaviour to school staff;
- ensure that all reported incidents of bullying are appropriately investigated and addressed;
- ensure that support is provided to students who may be affected by bullying behaviour (including victims, bystanders and perpetrators);
- seek parental and peer group support in addressing and preventing bullying behaviour at Stanhope Primary School.

When responding to bullying behaviour, Stanhope Primary School aims to:

- be proportionate, consistent and responsive
- find a constructive and positive solution for everyone
- stop the bullying from happening again
- restore the relationships between the students involved.

Stanhope Primary School acknowledges that school staff owe a duty of care to students to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include harm that may be caused by bullying behaviour.

SCOPE

This policy addresses how Stanhope Primary School aims to prevent, address and respond to student bullying behaviour. Stanhope Primary School recognises that there are many other

'Inspiring Lifelong Learning'

types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with our Code of Conduct, Duty of Care, Student Wellbeing and Engagement Policy, Inclusion and Diversity Policy, Statement of Values and School Philosophy, for our school.

This policy applies to all school activities, including camps and excursions. It also applies to bullying behaviour between students that occurs outside of school hours, where the behaviour impacts on student wellbeing and safety at school.

POLICY

Definitions

Bullying

- In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:
- Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.
- Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)
- Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features:

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

There are four main types of bullying behaviour:

- direct physical bullying – e.g. hitting, pushing, shoving or intimidating or otherwise physically hurting another person, damaging or stealing their belongings. It includes threats of violence.
- direct verbal bullying – e.g. name-calling, insulting someone about an attribute quality or personal characteristic (homophobic or racist remarks, verbal abuse).
- Indirect/social bullying – e.g. spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

- cyberbullying is direct or indirect bullying behaviours using digital technology. For example via a mobile device, computers, chat rooms, email, social media, etc. It can be verbal, written and include threats of violence, images, video and/or audio.

Other distressing and inappropriate behaviours

Many distressing and inappropriate behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing and inappropriate behaviours should report their concerns to school staff and our school will follow the Student Wellbeing and Engagement Policy and Code of Conduct.

Mutual conflict involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

Social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Single-episode acts of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Stanhope Primary School will use its Student Wellbeing and Engagement Policy to guide a response to single episodes of nastiness or physical aggression.

Harassment is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment.

Discrimination is behaviour that treats someone unfavourably because of a personal characteristic (for example: race, religious belief or activity, disability, sex or intersex status, gender identity or sexual orientation).

Harassment, discrimination and any other inappropriate behaviour of any kind will not be tolerated at Stanhope Primary School and may have serious consequences for students engaging in this behaviour. This includes any form of racism, religious or disability discrimination, sexism, homophobia, transphobia, or any other behaviour that targets an individual or group. Stanhope Primary School will use its Student Wellbeing and Engagement Policy to guide a response to students demonstrating harassing behaviour, unless the behaviour also constitutes bullying, in which case the behaviour will be managed in accordance with this Bullying Prevention Policy.

BULLYING PREVENTION

Stanhope Primary School has a number of programs and strategies in place to build a positive and inclusive school culture. We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness and respect.

Bullying prevention at Stanhope Primary School is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effective way to prevent and address bullying. At our school:

- The School Wide Positive Behaviour Supports (SWPBS) program and the Respectful Relationships program, encourage positive relationships between students across the school. We seek to empower students to be confident communicators and to resolve conflict in a non-aggressive and constructive way.
- Teachers are encouraged to incorporate consistent classroom management strategies that discourage bullying and promote positive behaviour, according to the Department of Education's School Wide Positive Behaviour Supports Program.
- All teachers explicitly teach eSafety practices and students participate in regular eSafety events online which promote an anti-bullying approach and outline specific strategies to deal with it when it occurs.
- Good digital citizenship is taught and practiced across the school.
- We have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing.
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- A range of programs are planned for each year to raise awareness about bullying and its impacts.
- In the classroom, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving.
- Students are encouraged to look out for each other and to talk to teachers, staff, older peers or one of the telephone helpline services, such as Kids Helpline, about any bullying they have experienced or witnessed.

For further information about our engagement and wellbeing initiatives, please see our *Student Wellbeing and Engagement* policy.

INCIDENT RESPONSE

Reporting concerns to Stanhope Primary School

Bullying is not tolerated at our school. We ensure bullying behaviour is identified and addressed with appropriate and proportionate consequences. All bullying complaints will be taken seriously and responded to sensitively.

Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that responses implemented are timely and appropriate.

In most circumstances, we encourage students to speak to their classroom teacher. However, students are welcome to discuss their concerns with any trusted member of staff.

Parents or carers who may develop concerns that their child is involved in, or has witnessed bullying behaviour at Stanhope Primary School should contact the principal, Christine Owen on 5857 2514 or christine.owen@education.vic.gov.au

Investigations

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations and /or in Outlook and email them to the Principal, so that a copy can be recorded in their student file;
2. inform the Principal; and
3. record the incident on our school management system, uEducateUs.

The Principal is responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, the Principal may:

- speak to the students involved in the allegations, including the victim/s, the alleged perpetrator/s and any witnesses to the incidents
- speak to the parent/carer of the students involved
- speak to the teachers of the students involved
- take detailed notes of all discussions for future reference
- obtain written statements from all or any of the above.

All communications with the Principal in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

Responses to bullying behaviours

When the Principal has sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students in consultation with teachers and staff.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Stanhope Primary School will consider:

- the age and maturity of the students involved;
- the severity and frequency of the bullying, and the impact it has had on the victim student;
- whether the perpetrator student or students have displayed similar behaviour before;
- whether the bullying took place in a group or one-to-one context;
- whether the perpetrator demonstrates insight or remorse for their behaviour;
- the alleged motive of the behaviour, including any element of provocation.

The Principal may implement all, or some of the following responses to bullying behaviours:

- Offer wellbeing support to the victim student or students, including referral to SSS and external providers.
- Offer wellbeing support to the perpetrator student or students, including referral to SSS, external providers.
- Offer wellbeing support to affected students, including witnesses and/or friends of the victim student, including referral to SSS, external providers.
- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied.
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance.
- Implement proportionate disciplinary consequences for the perpetrator students, which may include warnings, teacher controlled consequences, removal of privileges, detention, suspension and/or expulsion consistent with our Student Wellbeing and Engagement policy, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy.
- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Safety Plan or Individual Management Plan restricting contact between victim and perpetrator students.
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.

The Principal is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.

Stanhope Primary School understands the importance of monitoring the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students reporting concerning behaviour as soon as possible, so that the responses implemented by Stanhope Primary School are timely and appropriate in the circumstances.

COMMUNICATION

This policy will be communicated to our school community in the following ways:

- Available publicly on our school's website
- Copy available at our school office.

FURTHER INFORMATION AND RESOURCES

This policy should be read in conjunction with the following school policies:

'Inspiring Lifelong Learning'

- [Statement-of-Values-Philosophy-Policy-2023.pdf](#)
- [Student-Wellbeing-and-Engagement-Policy-2023.pdf](#)
- [Complaints-2022.pdf](#)
- [Duty-of-Care-2022.pdf](#)
- [Inclusion-diversity-Policy-2022.pdf](#)

The following websites and resources provide useful information on prevention and responding to bullying, as well as supporting students who have been the target of bullying behaviours:

EVALUATION

This will be reviewed every two years, following analysis of school data on reported incidents of, and responses to bullying to ensure that this policy remains up to date, practical and effective.

Data will be collected through:

- discussion with students and parents/carers
- regular student bullying surveys
- regular staff surveys
- assessment of school-based data, including the number of reported incidents of bullying in each year group and the effectiveness of the responses implemented.

Proposed amendments to this policy will be discussed in consultation with parents, teachers and School Council.

POLICY REVIEW AND APPROVAL
